

To All Departments:

New Incident Safety Officer Course Open for Registration

The JIBC Fire & Safety Division's new **Incident Safety Officer – Fire Suppression course** ([FIRE-1186](#)) is now available for delivery to fire departments across BC.

This new course is a blended offering that allows students to begin the course online for five weeks, and complete the course by attending two days of face-to-face training focused on practical scenarios. This redesigned course meets the needs of the Fire Service and fulfills the updated requirements established under the new 2015 NFPA 1521 Incident Safety Officer standard.

Fire Departments who have expressed interest in having their members complete this updated course are encouraged to register for the upcoming offering of the course with the five-week online portion **beginning October 16, 2017** and the two-day face-to-face practical portion scheduled for November 18-19, 2017 at the New Westminster campus.

To register, please contact the JIBC Registration Office at 604.528.5590 (1.877.528.5591).
